

Startup Branding Kit

Category: Business & Marketing

Generated: 12/8/2025

This premium template is designed to help you achieve your goals faster. Follow the structure provided and customize for your specific needs.

Brand Foundation

Define your brand mission, vision, and core values. Articulate your brand promise and what you stand for. This foundation guides all branding decisions.

Brand Voice & Tone

Establish how your brand communicates. Define your voice attributes (professional, friendly, authoritative, playful). Provide examples of do's and don'ts for written communication.

Visual Identity

Document your logo usage guidelines, color palette with hex codes, typography selections, and imagery style. Include spacing rules and minimum sizes for logo reproduction.

Messaging Framework

Create your tagline, elevator pitch, and key messages for different audiences. Include proof points and differentiators that support your positioning.

Application Guidelines

Show how to apply your brand across different touchpoints: website, social media, email, print materials, and presentations. Include templates and examples.
